

Job Description: Head Classroom Teacher

The Darnell School for Educational and Behavioral Services is currently seeking a motivated and driven Head Classroom Teacher to work with our students. The Head Classroom Teacher will be responsible for up to six students in the class. Responsibilities include conducting educational, behavioral, and vocational assessments, writing and implementing IEPs, monitoring progress IEP objectives, supervising all classroom staff, collaborating with related service providers, providing in-home parent training on a monthly basis, and providing direct instruction to students. Qualified applicants will hold a Massachusetts license in Severe Special Ed K-12, the ability to deliver instruction using the principles of Applied Behavior Analysis, experience in supervising classroom staff, and have significant experience in serving students in community-based and vocational settings.

Minimum requirements:

- Master's Degree in Special Education, Applied Behavior Analysis, or related field
- Hold or be eligible for DOE teacher certification in special education pursuant to the requirements of 603 CMR 44.00
- Five years' experience working with children with autism, developmental disabilities, or other behavioral challenges
- Two years supervisory experience
- Valid driver's license and use of a reliable vehicle
- Acceptable driving status as determined by HMEA auto insurance carrier

Interested candidates should send their resume directly to:
